

About the Addition of the Type of Eligible Securities as Exchange Margin, etc.

- The Addition of the Treasury Securities of the United States of America -

## 1. Outline

Recently, the overseas investor's trading volume has been expanding in our exchange market; therefore, we add the treasury securities of the United States of America to the type of eligible securities as the Exchange Margin, etc. in an aim to improve investors' convenience.

## 2. Content of revision

The treasury securities of the United States of America are allowed to be deposited as an eligible security for following products.

Interest Rate Futures contracts:

Exchange Margin, Market Entry Deposit and Clearing Deposit

In addition, FX Margin Clearing Members may deposit the treasury securities of the United States of America as an eligible security for FX Margin Market Entry Deposit and FX Margin Clearing Deposit.

## 3. Effective date

June 2, 2008
